

***AMENDMENTS TO SPECIFICATION***

Please amend the specification as follows, by inserting the underlined matter and deleting the matter lined through:

[0001] The benefit of Provisional Patent Application Serial No. 60/433,115 filed December 13, ~~2003~~ 2002 is claimed.

[0025] Likewise, fuel injection tube 22 extends across the passage 15, with its ends supported by side walls 12 and 14. A fuel supply port (~~new~~ not shown) similar to the nitrous oxide supply port 20 communicates through side wall 12 with the fuel injection tube 22, and supplies fuel to the fuel injection tube.
